ANSYS 课程列表

Materials - 课程资料，可以下载、课堂上浏览或课后复习，包括：讲座、研讨会和输入模型文件。用户可以通过发布的日程，注册线上/线下的相关课程。
Schedule - **现在即可注册的全球线上虚拟课程或区域化的线下课堂培训课程，可以采用**“Assign to me”添加到您的学习任务，以便后续注册。
Self-paced Learning - 全天候自主学习的视频课程，培训内容等同于线上/线下的讲师指导课程，包括：讲座、研讨会和输入模型文件。
Learning Rooms – 综合的学习空间可以给用户提供：来自技术专家的连续学习支持（包括问题与解答）、软件应用内容、最佳实践指导、演示视频、补充培训内容等。

电子

基础课程

ANSYS HFSS Getting Started (new GUI) (Materials | Schedule)
ANSYS Icepak in ANSYS Electronics Desktop Getting Started (Materials | Schedule)
Introduction to ANSYS HFSS (old GUI) (Materials | Schedule | Self-Paced Learning)
Introduction to ANSYS HFSS 3D Layout for PCB (Materials | Schedule)
Introduction to ANSYS Icepak (Materials | Schedule | Self-Paced Learning)
Introduction to ANSYS Maxwell (Materials | Schedule | Self-Paced Learning)
Introduction to ANSYS PExprt (Materials | Schedule)
Introduction to ANSYS Simplorer (Materials | Schedule | Self-Paced Learning)
Introduction to ANSYS SIwave (Materials | Schedule)

高级课程

ANSYS Electronic Transformer Simulation (Materials | Schedule)
ANSYS HFSS for Antenna Design (Materials | Schedule)
ANSYS Maxwell Advanced Motor Training (Materials | Schedule)
ANSYS HFSS SBR+ Antenna Placement (Materials | Schedule)
ANSYS HFSS SBR+ Radar Cross Section (Materials | Schedule)

流体动力学

学习室

流体 | 前处理

基础课程

ANSYS CFX Getting Started Part 1 (Materials | Schedule)
ANSYS CFX Getting Started Part 2 (Materials | Schedule)
ANSYS CFX Getting Started (Self-Paced Learning)
ANSYS Fluent Getting Started - Part 1 (Materials | Schedule)
ANSYS Fluent Getting Started - Part 2 (Materials | Schedule)
ANSYS Fluent Getting Started (Single Window Workflow) (Learning Room | Materials | Schedule)
Introduction to ANSYS Chemkin-Pro (Materials | Schedule)
Introduction to ANSYS Energico (Materials | Schedule)
Introduction to ANSYS FENSAP-ICE (Materials)
Introduction to ANSYS Fluent (Materials | Schedule | Self-Paced Learning)
Introduction to ANSYS Fluent Meshing (Materials | Schedule)
Introduction to ANSYS Forte (Materials | Schedule)
Introduction to ANSYS Polyflow for Blow Molding (Materials | Schedule)
Introduction to ANSYS Polyflow for Extrusion (Materials | Schedule)
Introduction to ANSYS Reaction Workbench (Materials | Schedule)
Introduction to ANSYS TurboSystem (Materials | Schedule)

高级课程

Advanced ANSYS Fluent Meshing (Self-Paced Learning)
ANSYS Aeromechanics of Turbomachinery Blades (CFD) (Materials | Schedule)
ANSYS Aeromechanics of Turbomachinery Blades (FEA) (Materials | Schedule)
ANSYS CFX Combustion and Radiation (Materials | Schedule)
ANSYS CFX Customization (Materials | Schedule)
ANSYS CFX Fluid Structure Interaction with ANSYS Mechanical (Materials | Schedule)
ANSYS CFX Multiphase Flow Modeling (Materials | Schedule)
ANSYS CFX Rotating Machinery Modeling (Materials | Schedule)
ANSYS CFX Turbulence Modeling (Materials | Schedule)
ANSYS Fluent Adjoint Solver (Materials | Schedule)
ANSYS Fluent Combustion Modeling (Materials | Schedule)
ANSYS Fluent Dynamic Mesh Modeling (Materials | Schedule)
ANSYS Fluent Fluid Structure Interaction with ANSYS Mechanical (Materials | Schedule)
ANSYS Fluent Heat Transfer Modeling (Learning Room | Materials)
ANSYS Fluent Meshing with Watertight Geometry Workflow (Learning Room | Self-Paced Learning)
ANSYS Fluent Multiphase Flow Modeling (Materials | Schedule)
ANSYS Fluent Rotating Machinery Modeling (Materials | Schedule)

ANSYS Fluent Turbulence Modeling (Materials | Schedule)
ANSYS Fluent Using User-Defined Functions (UDFs) (Materials | Schedule)
Battery Modeling with ANSYS Fluent (Materials | Schedule)
ANSYS Fluent AeroAcoustics (Materials | Schedule)

结构分析

学习室

ANSYS 结构Boot Camp
结构 | 动力学
结构 | 非线性
结构 | 增材制造

基础课程

ANSYS Mechanical Getting Started - Part 1 (Materials | Schedule)
ANSYS Mechanical Getting Started - Part 2 (Materials | Schedule)
Introduction to ANSYS Aqwa (Materials | Schedule)
Introduction to ANSYS Autodyn (Materials | Schedule)
Introduction to ANSYS LS-DYNA (Materials | Schedule)
Introduction to ANSYS Mechanical (Materials | Schedule | Self-Paced Learning)
Introduction to ANSYS Mechanical APDL (Materials | Schedule)
Introduction to ANSYS Mechanical for Ocean Loading (Materials | Schedule)
Introduction to ANSYS nCode DesignLife (Materials | Schedule)

高级课程

ANSYS Autodyn User Subroutines (Materials | Schedule)
ANSYS Explicit Dynamics (Materials | Schedule)
ANSYS Mechanical Acoustics (Learning Room | Materials | Schedule)
ANSYS Mechanical Advanced - Use of MAPDL in Mechanical (Materials | Schedule)
ANSYS Mechanical Advanced Connections (Learning Room | Materials | Schedule | Self-Paced Learning)
ANSYS Mechanical Advanced Material Modeling (Learning Room | Materials | Schedule)
ANSYS Mechanical APDL User Programmable Features (UPFs) (Materials | Schedule)
ANSYS Mechanical Basic Structural Nonlinearities (Learning Room | Materials | Schedule | Self-Paced Learning)
ANSYS Mechanical Beams and Shells Modeling (Materials | Schedule)
ANSYS Mechanical Fatigue (Materials | Schedule)
ANSYS Mechanical Heat Transfer (Materials | Schedule | Self-Paced Learning)
ANSYS Mechanical Linear and Nonlinear Dynamics (Learning Room | Materials | Schedule | Self-Paced Learning)
ANSYS Mechanical Material Nonlinearities (Learning Room | Materials | Schedule)
ANSYS Mechanical Rigid Body Dynamics (Learning Room | Materials | Schedule)
ANSYS Mechanical Rotordynamics (Learning Room | Materials | Schedule)
ANSYS Mechanical Topology Optimization (Learning Room | Materials | Schedule)
ANSYS Mechanical Workbench Additive (Learning Room | Materials | Schedule)

FEA Best Practices (Materials | Schedule)
Introduction to ANSYS Composite PrepPost (ACP) (Materials | Schedule)
Testing and Analysis of Structural Plastics (Learning Room | Materials | Schedule)

平台

学习室

ANSYS EnSight后处理
ANSYS optiSLang

基础课程

Introduction to ACT in DesignModeler (Self-Paced Learning)
Introduction to ACT Wizards (Self-Paced Learning)
Introduction to ANSYS ACT Mechanical (Materials | Schedule | Self-Paced Learning)
Introduction to ANSYS Application Customization Toolkit (ACT) (Materials)
Introduction to ANSYS DesignModeler (CFD) (Learning Room | Materials | Schedule | Self-Paced Learning)
Introduction to ANSYS DesignXplorer (Materials | Schedule | Self-Paced Learning)
Introduction to ANSYS Ensight (Learning Room | Materials | Self-Paced Learning)
Introduction to ANSYS ICEM CFD (Learning Room | Materials | Schedule)
Introduction to ANSYS Meshing (Learning Room | Materials | Schedule | Self-Paced Learning)
Introduction to ANSYS SpaceClaim Direct Modeler (CFD & FEA) (| Schedule | Self-Paced Learning)
Introduction to ANSYS SpaceClaim Direct Modeler (CFD) (Learning Room | Materials | Schedule)
Introduction to ANSYS SpaceClaim Direct Modeler (FEA) (Materials | Schedule)
Introduction to OptiSLang (Learning Room | Materials | Schedule)

3D设计

基础课程

ANSYS Discovery Live (Self-Paced Learning)
Introduction to ANSYS AIM (Self-Paced Learning)

系统

基础课程

Introduction to ANSYS Simplorer (Materials | Schedule | Self-Paced Learning)
